

## **Gemini Dollar (GUSD)**

### **About :**

The Gemini dollar — the world's first regulated stablecoin — combines the creditworthiness and price stability of the U.S. dollar with blockchain technology and the oversight of U.S. regulators.

The Gemini dollar is issued by Gemini Trust Company, LLC, a New York trust company.

U.S. dollars that correspond to the Gemini dollars issued and in circulation are held at State Street Bank and Trust Company. The U.S. dollar deposit balance is examined monthly by BPM, LLP, a registered public accounting firm, in order to verify the 1:1 peg.

### **Advantages :**
