

## **Nexo (NEXO)**

### **About :**

The World's First Instant Crypto-backed Loans Nexo - enjoy your crypto wealth today without selling your crypto assets.

At the moment, there is no other way in which crypto owners can use their assets other than selling and buying them. Nexo comes forth with a very lucrative business model where it lets crypto owners use their holdings as collateral, then withdraw cash. The users maintain a 100% access to their cryptocurrency while they have immediate access to cash. At the same time, they can access the value of their crypto assets.

Nexo was created by Credissimo, a leading FinTech group that has been serving millions of users from all over Europe for more than a decade.

## **Advantages :**

**1) Live Automated Platform :** Nexo has a fully operational instant lending platform with seamless user experience and military-grade security with 256-bit encryption.

**2) SEC-approved Custodian :** Nexo partners with BitGo to secure all crypto assets. BitGo is backed by Goldman Sachs and trusted by other market leaders such as Kraken, CME Group and Pantera Capital.

**3) Regulatory Compliance :** Nexo is using Onfido to adhere to the strictest KYC and AML global compliance standards. Onfido is also trusted by Coinbase, Revolut, HSBC, Nationwide, TransferWise and Bittrex.
