FunFair (FUN)

About :

FunFair provides blockchain-powered solutions with the potential to profoundly change the online gaming industry for both the operator and player. Using the latest Ethereum technology, we deliver low cost, high quality, transparent casino experiences that are provably fair.

Advantages :

1. **TURNKEY SOLUTION :** Create your casino in seconds and start accepting players and processing payments immediately.

2. **SECURE :** Our serverless decentralised platform is protected from hacking and player or operator interference.

3. **FAIR :** Our software uses the blockchain and smart contracts to offer unrivalled transparency.

4. **FAST :** Enjoy gaming on demand with no delays thanks to revolutionary Fate Channels technology.

5. **EFFICIENT :** Our games require 10% of the network processing costs of other blockchain casinos.

6. **TOKEN POWERED :** FUN token enables seamless payments and rewards for all platform participants.
